Creative Director: Hannah Leibovich
Designer: Ray Brody

- Mockup B for final direction
    - Keep the green and sans-serif
    - Maybe more of a slab serif?
    - Like the page layout/breakdown of text vs. image
    - map/topography illustration is great, would love to see more of that style of image (if they can be sourced) throughout
        - Does a great job capturing the "feel" of the site and matches the content well
    - Side note to switch from yellowstone to yosemite
